## SEC WMC 6

6 CORE CUSTOMISED INTRUDER ALARM CABLE

### FEATURES

- A general purpose signal cable ideal for Alarm, Security and other Low Voltage, Low current Applications.
- Six Core Security Cable.
- 2 cores designed for 12V DC power.
- 2 cores designed for data transmission.
- 2 cores designed for alarm digital signals.

### TECHNICAL SPECIFICATIONS

Number of Cores : Six Core  
Construction : 7/0.36mm Tinned Copper  
Colour of Cores : Black, White, Green, Blue, Red, Yellow  
Insulation : PVC  
Over-sheath : White PVC  
PVC Wall Thickness : 0.50mm  
Nominal Outer Diameter : 4.10mm  
Current per Core : 1 Amp  
Maximum Voltage : 50V rms  
Length per reel : 90 Meters  
Weight : 3 Kg
